The First Garnet Mining Coy of Kenya Ltd.,  
P. O. BOX 14810,  
NAIROBI.

Dear Mr. Bridges,

EFH. NC. 164.

Following an inspection of the work on your licence area and then receiving your mapping, I would wish to convey Departmental pleasure on the systematic prospecting being carried out and the detailed work being done.

It shows what can be accomplished by a small company with an experienced geologist supervising the programme.

Yours faithfully,

A handwritten signature in dark ink, appearing to read 'G. A. Tait'.

(G. A. Tait)  
CHIEF MINING ENGINEER  
for: COMMISSIONER OF MINES & GEOLOGY
